Date in Number of Cars February and Load 21 12 boxcars with military goods Satzkorn Justerbog 25) 2 (1A 1. Comment. The information probably refers to the arrival of aircraft for the WFL (Volkspolized Air) whose division headquarters is stationed in Cottbus. The shipment on 19 February in Muellrose reported in paragraph 2 is believed to be identical with the shipment of 10 aircraft boxes mentioned in paragraph 1. The aircraft type cannot be determined as the data on the size of the boxes reported by the two sources do not correspond. They may have been Yak-11s or MiG-15s.			Α							
21 12 boxcars with military goods 22 250 24 1. Comment. The information probably refers to the arrival of aircraft for the VPL (Volkspolizei Air) whose division headquarters is stationed in Cottbus. The shipment on 19 February in Muellrose reported in paragraph 2 is believed to be identical with the shipment of 10 aircraft boxes mentioned in paragraph 1. The aircraft type cannot be determined as the data on the size of the boxes reported by the two sources do not correspond. They may have been Yak-11s or MiG-15s. 20 Comment. The motor vehicles on the shipment on 9 February belong to the GOFG and are indicative of an engineer unit. The prime movers on the train on 12 February belong to components of the IV Arty Corps.
